 - What information we gather and from whom.
 - How we use personal information.
 - When, why, and with whom we share personal information.
 - Use of cookies.
 - Our security procedures.
 - Changes to this privacy statement.

- The [second section](#) describes specific rights for individuals subject to international privacy laws, including individuals located in the European Union (“EU”) and the People’s Republic of China (“China”).
- The [third section](#) provides notices to California ~~and Texas~~ residents, and describes specific rights for ~~these individuals~~ and other information that is required under ~~applicable state laws~~.

- For the provision of our Covered Products and Services or the operation of our business or a third party’s business. For ICANN-accredited TLDs, ICANN determines what personal information we must collect to register a domain name. For certain TLDs that we manage, including for .com and .net, we do not collect any personal information about the registrant. Other TLDs that we manage require additional information

about the registrant, which is collected by the registrar and relayed to Verisign.

- Personal information may be made available to Verisign businesses around the world for the provision of our Covered Products and Services, account administration, sales and marketing, customer and technical support, and business and product development, for instance. All of our employees and contractors are required to follow our data privacy and security policies when handling personal information.
- Where we need to perform a contract that we have entered into with you, or in order to take steps at your request prior to entering into a contract.
- To protect the security and integrity of our business, our Covered Products and services, or Covered Sites.
- Where we need to protect your interests (or someone else's interests).
- Where it is needed in the public interest or for official purposes.
- In connection with the sale, merger, acquisition, or other reorganization of our business. Such a transaction may involve the disclosure of personal information to prospective or actual purchasers, or the receipt of it from sellers. It is Verisign's practice to seek appropriate protection for information in these types of transactions.
- For compliance with legal obligations and protection of Verisign and others. Specifically, we may be required to use and retain personal information for legal and compliance reasons, such as the prevention, detection, or investigation of a crime; loss prevention; or fraud. We may also use personal information to meet our internal and external audit requirements, and as we otherwise believe to be necessary or appropriate: (i) under applicable law, which may include laws outside your country of residence; (ii) to respond to requests from courts, law enforcement agencies, regulatory agencies, and other public and government authorities, which may include such authorities outside your country of residence; (iii) to enforce or apply our contractual rights; and (iv) to otherwise protect our rights, privacy, safety, or property, or those of other persons.

- For marketing purposes. Specifically, we may use your personal information (including cookies – for more information on how we may use cookies, please see [Section 1.E](#) below) to market to you. You may receive marketing communications from us if you have purchased products or services from us, we have identified similar products or services that may be relevant for you and, in each case, you have not opted out of receiving that marketing. We will get your express opt-in consent before we market products or services to you that are not similar to products or services you have purchased from us before, or if we share your personal information with any company outside the Verisign group of companies for marketing purposes. You can ask us or third parties to stop sending you marketing messages at any time. If you receive a marketing communication from us, the communication will contain an option to opt-out of further communications. To exercise your rights, you or your authorized agent may submit a verifiable consumer request in one of the following ways:

- Call us at +1 703-948-3350 or toll free (in the United States) at 1-800-255-2218.

Upon receipt of your request to exercise your rights, we will confirm receipt within 10 business days. If we are able to verify your identity, we will make our best effort to respond within forty-five (45) calendar days of our receipt of your request. If we require more time (up to 45 additional calendar days), we will inform you of the reason and extension period in writing.

If we decline your request to exercise a right, we will explain our reasons. You may appeal that decision by contacting us.

C. DESIGNATING AN AUTHORIZED AGENT

Deleted: The CCPA allows a California resident to make a verifiable consumer request to know only twice within a 12-month period.¶

Only you as a California or Texas resident, or a person that you authorize to act on your behalf (Authorized Agent), may make a verifiable request to know or a request for deletion. If you are using an Authorized Agent to exercise your rights, we require the Authorized Agent to provide us with written confirmation that you have authorized them to act on your behalf. We may also verify the identity of the Authorized Agent.
